

Accessing Show My Homework

- All work for students will be provided via Show My Homework
- Students should get in the routine of checking this each morning to see the tasks they should be completing
- They may wish to use the suggested timetables we have posted to schedule their day
- Typically, the tasks on SMHW will be either:
 - a number of self-explanatory tasks, with resources, that students can work through
 - a link or links to online learning platforms, with clear instructions
 - ongoing project work, with appropriate resources
- We hope that SMHW will provide a familiar and consistent way for our students to access work.
- If you are experiencing problems logging in, the following two links should help:
<https://help.teamsatchel.com/en/articles/2911888-logging-in-as-a-student>
<https://help.teamsatchel.com/en/articles/2912165-logging-in-as-a-parent>
- If you need further assistance logging in, please do contact the school - vle@wallingfordschool.com.
- Please do support your children in getting the balance right in approaching this work. We would obviously expect a decent amount to be done on a daily basis, and you may wish to use the suggested timetables we have published.
- We do not expect it to be completed all at once and certainly do not want students to feel overwhelmed or anxious about the work set.
